

**Town Manager Update Report
January 15, 2016**

I has been a busy week. Below are a few highlights of the week in review.

Route 100 vehicle Roll-over

A clarification, the vehicle was a tri-axle dump truck loaded with concrete rather than a tractor trailer. I will be requesting the police report next week to see if we can determine whether it was toll avoidance. It was travelling northbound.

Budget

As you know the budget books are available here in Town Hall. Our first budget meeting is scheduled for Monday evening at 6:30 in the Meetinghouse. We will see you then.

United Way

Josh McHenry and I attended the United Way visioning session at Pineland this past Wednesday evening. Great discussion about how we can work together to try to address some of the challenges in our community related to poverty and financial instability. I met Jenny Mueller, the new program director at the Pineland YMCA, and have since corresponded with her to share a few ideas.

Deputy Treasurer

Our new Deputy Treasurer is settling in well and already making great contributions to Town Hall.

EMS Billing and Collection Contract

After reviewing, we are under no contractual obligations with our current service provider. Therefore, we are proceeding with the changes discussed at our last Selectmen's meeting.

Plowing

Our crew did a good job during last Tuesday night's storm. They plowed from 4 pm to 4 am and then brought personnel back later that morning for touch-ups and wind drifts. The snow is anticipated to start again this early evening. It will be another late night for the crew.
